How to Learn Numbers

Easy Tips for Kids!

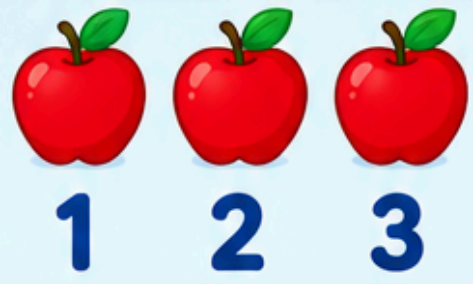

1 Say the Number

Look at the number and say it aloud.

2 Count Objects

Count real objects around you.

3 Use Your Fingers

Show the number with your fingers.

4 Trace the Number

Write the number in the air or on paper.

5 Find Numbers Around You

Look for numbers on toys, books, clocks or at home.

6 Use a Number Chart

Look at a number chart and say the numbers daily.

1 to 20

1	2	3	4	5
6	7	8	9	10
11	12	13	14	15
16	17	18	19	20

7 Sing a Counting Song

Sing and count 1, 2, 3, 4, 5... It makes learning fun!

8 Practice Every Day

A little practice every day helps you remember numbers easily!
